Updated to reflect new Flexi-Van Chassis Services Depot

To our valued Motor Carrier customers utilizing the Northeast Regional Chassis Pool (NERP), Effective July 1, 2012, **Flexi-Van Leasing, Inc.** began to assess a Drop off charge of \$195.00 for each chassis that is picked up from New York Container Terminal (NYCT) and returned to another NERP Start/Stop Facility (Flexi-Van Chassis Services Depot (Port Terminal Blvd & 13th Street Building 22, Bayonne, NJ), Ironbound CY, and Norfolk Southern Croxton Ramp).

Effective Oct 1, 2013, this Drop off charge will be reduced from \$195.00 to \$175.00 per chassis.

Please be reminded that this charge is in addition to any usage charges incurred as a result of utilizing a NERP chassis. This Drop Off charge will not be assessed if your chassis usage began at NYCT and was returned to NYCT. Also please note that other drop off fees may be assessed on chassis that are returned to locations that are not start/stop facilities of NERP.

We appreciate your continued support as we look to improve the operation of the chassis pool. Should you have any questions concerning this announcement, please contact our Sales Department at (908) 276-8000.

Sincerely,

Flexi-Van Leasing, Inc.
